

Every Child Deserves a Better Future

CHILD SPONSORSHIP

Who We Are

Discipleship Centre (DC), founded in 1974, is a nonprofit driving sustainable transformation in under-resourced communities across India. For over five decades, we have empowered women, children, and persons with disabilities through holistic, community-driven solutions that address systemic barriers.

What Is Child Sponsorship?

Child sponsorship is a sustained commitment that offers more than material support. It creates consistency in a child's life -encouraging regular schooling, emotional security, and a sense of belonging. Through steady care and guidance, children gain confidence, resilience, and the freedom to imagine a future shaped by choice, not circumstance.

Why Sponsor a Child

Your consistent, long-term support enables us to provide education, healthcare, child protection, and holistic development. This support helps children dream bigger, realise their full potential, live with dignity, and grow into confident contributors to society.

What You Receive as a Child Sponsor

- A sense of fulfilment in journeying with a child towards a better future
- A child profile introducing the child you support
- Twice-yearly updates on the child's learning and wellbeing
- An annual impact overview showing how your support contributes to the child's overall development

Flexible donation

Flexible donations allow the organisation to respond to humanitarian emergencies, strengthen ongoing programmes, and support priority projects as needs arise.

Payment Options

Kindly use the QR code or the bank details below for a Cheque or Online Transfer:
